The third responsible party search program is fully underway with a total of 200 petroleum release cases to be evaluated. Forty-eight cases have been completed by the Vendors.

SFM, OEPA, and Development are working together to develop guidelines for the use of \$20,000,000 available to Development for potential clean up for UST facilities.

The OTTER upgrade project is in an expedited bidding process with the Department of Administrative Services to provide improvements to the current system for BUSTR and the Bureau of Testing & Registration. Five submitted bids have been reviewed and evaluated. The Department of Administrative Services plans to award the bid the week of January 4, 2016.
